

An Exciting 5 Years of Safety

AAA Safety & Field Services became part of the Side Group in 2019 when they acquired the operating companies of Northern Metallic Sales in Fort St John, BC. The company operates primarily in northeastern BC, Alberta, and the Yukon. Although a specialized business, AAA Safety is closely integrated with Northern Metallic, expanding their existing safety supply offering and taking safety service to the next level inside the company.

In addition to its extensive product range, AAA Safety has grown to include field services like mobile air trailers, safety monitoring, and medical standby services for the oil and gas, forestry, and mining sectors. Its safety training programs, from H2S Alive to First Aid, Confined Space, Fall Protection, and Fire Suppression, ensure comprehensive support for clients' safety needs and all can be carried out in its Fort St. John classrooms and training facilities or onsite.

The company serves a wide range of customers, from industrial users needing bulk safety gear or supervision to institutional clients requiring regular compliance and certifications. With a skilled team and solid infrastructure, AAA Safety continues to excel in providing essential safety solutions across Western Canada – guaranteeing that safety is the number one priority for its customers

**SUPPLIES.
HEALTH.
WORKPLACE.
PRODUCTIVITY.**

We offer a wide range of products, and professional services to help companies, worksites and camps keep safety as their top priority. From medical services, to high angle rescues, confined space/rescue planning and personnel, to plant turn arounds, gas detection, fire suppression units.
