EXPIRES JANUARY 31, 2025

Northern Metallic has a wide scope of services and customized solutions due to its strong network of companies. AAA Safety and Field Services stands out as a key player in our strong portfolio of specialized solutions. To our already extensive safety supply offering, AAA Safety is taking safety service to the next level inside the company. It's what sets us apart in the Industry - we have the services you need, when you need them. All under one great name: Northern Metallic.

In addition to its extensive product range, AAA Safety has expanded to include field services like mobile air trailers, safety monitoring, and medical standby services for the oil and gas, forestry, and mining sectors. Its safety training programs, from H2S Alive to First Aid, Confined Space, Fall Protection, and Fire Suppression, ensure comprehensive support for clients' safety needs and all can be carried out in its Fort St. John classrooms and training facilities or onsite.

The company serves a wide range of customers, from industrial users needing bulk safety gear or supervision to institutional clients requiring regular compliance and certifications. With a skilled team and solid infrastructure, AAA Safety continues to excel in providing essential safety solutions across Western Canada - guaranteeing that safety is the number one priority for its customers.

NORTHERN METALIC

NORTHERN METALIC SALES is a proud independent Canadian company and an integral part of the Side Group. Development of this group of companies began in the Peace Country in the early 1950's and more specifically in Grande Prairie in 1969 with the launch of Northern Metallic Sales – our wholesale distribution business. Over the course of our 55 year history, our experience in supply chain management, project development and transportation has evolved to reach far beyond our expectations and this region.

Today we boast a group of successful complementary companies based in Grande Prairie, Alberta that involve property and land development, rail reload and transportation, industrial supply, oilfield distribution and finance. Our customers range from multi-nationals to the local farmer. Our industrial base is equally as broad, serving the transportation, construction, forestry, mining, oil and gas, institutional and agricultural sectors.

Our real strength lies in the team we have built and the expertise that the members bring to each project. Our warehouses are modern, our systems are current, and our people are engaged.
